Hi Caleb-

I still haven't heard anything from ADA Pascale regarding the motion to suppress, and in the meantime I received an second summons for Springfield on 5/17/11 from ADA Pascale. In the second case, the defendant waived his motion to suppress and the ADA thinks it could very well go to trial. With this said, it may be best to try and move the [REDACTED] date if possible. Here's my schedule for the rest of May as well as June so far (depending on when you can get the date changed, I may have already received a summons for your new date, so if it will be a while before you can get it moved, you may want to ask me for an updated schedule). I apologize for the inconvenience. Thanks.

Sonja,

On [REDACTED] I really could not say at this point whether it will be a trial or not. Defendant has waived his motion to suppress in this case, so that means it could very well be a trial. If I hear that defendant wants to tender a plea, I will let you know.

Sarah

Hi Sarah-

Besides the [REDACTED] case (# [REDACTED]) scheduled for 5/17/11, I received a summons from you for the [REDACTED] case (# [REDACTED]) for the same day. As I previously mentioned, I also have received a summons to be in Fall River that day. I know that you said you would get back to me when you knew the outcome of the motion to suppress in the [REDACTED] case, but I am wondering if you have any feeling as to whether or not the [REDACTED] case will actually go to trial on 5/17/11? I'm just trying to keep the ADA in Fall River informed in case the case there needs to be rescheduled. Thanks for your attention.

Sonja,

I am waiting to hear back from the judge on a motion to suppress we argued in this case. Once I know the outcome, I will email you.

Thanks for the heads up,

Sarah

Hi Sarah-

I received an email today from an ADA in Fall River informing me that one of cases that I analyzed the drugs for has been continued to 5/17/11, the same date as your [REDACTED] case. I am curious if you think that the case will actually go to trial (I know that it is a little early to know) and, if so, would it be possible to go out of order and get me on the stand first so I could get to Fall River in the afternoon? I told the ADA there that I would try to find out if there is a chance I could make it there. Thanks.
